Short Resumé

2023–present — **Hackathon Coordinator & Technical Supervisor**
Lead · Sousse 📍

Motivated software developer with a background in Problem-solving, web development, and embedded systems. Holding a Baccalauréat in Computer Science (Mention Bien) and an A1 License in Embedded Systems & IoT. I have been an organizer in the Coding Moon Challenge, serving as a RH/technical supervisor, assisting participants with coding errors. I will also play the same role in The Maze hackathon by Microsoft, adding to my responsibilities as a supervisor and challenge corrector. Additionally, I am a basic web instructor and have mentored intermediate sessions using React in Microsoft ISSATSo Club. I have participated in numerous hackathons and am passionate about helping others grow in their coding journey.

Certificates
